

SUPPORT COORDINATION

Joining Families Support Services is a registered provider of Capacity Building Support.

We give people with disabilities a change to live fulfilling lives based on their own choices and level of control.

We support our participants in growing their networks, improving their skills and collaborating meaningfully.

WHAT WE DO?

- Help connect you with NDIS providers, community, mainstream and other government agency service
- Help you understand the details of your plan and how to access NDIS funding
- Help you find and contact local service providers and other support services of your choice
- Provide support throughout planning
- Work with you to develop service agreements with service providers and support services of your choice
